

Membership Information Update

The 2010 PSA meeting and Officer Elections will be conducted soon and we need to make sure that our Membership Contact Information (email address, physical mail address & phone number) are correct in our database. Please follow the below instructions, check you profile and correct any information that needs updating.

If you are already registered but can't remember your user id or password:

1. Go to www.jphycol.org and click on Contact Us in the right hand menu.
2. Select your nearest Membership Services office, and phone, fax or email for a reminder.
3. Please take this opportunity to check your profile and update your affiliation, address, and email.

If you haven't yet registered:

1. Go to www.jphycol.org .
2. On the right hand menu under Membership Area, click on Register.
3. You will be asked for your Membership No. This number is included on any renewal notice received from PSA during the year.
4. Forgot your number? Can't locate it? Click on Contact Us on the right hand menu, select your nearest Membership Services office, and phone, fax or email for a reminder.
5. Continue registrations by choosing your username and password, entering your email address, and clicking the box that allows us to list you in the PSA member directory. In some cases it may take up to 24 hours for the site to register your request and refresh. If you encounter any problems in registration, contact Membership Services for assistance.
6. Please take a moment to check your profile and give us up to date information on your affiliation, address, and email.

Thank you.

Roy L. Lehman, PhD

PSA Membership Director (2008-2010)
